SENSE ROBOT

SENSEROBOT CHESS

THE GROUNDBREAKING HOME CHESS ROBOT

Chess Courses | AI Game Analysis | Endgame Challenge

Robotic Arm + Mechanical Claw | Live Game via Lichess

SenseRobot is pioneering the next era of home robotics, becoming a groundbreaker by delivering a mass-market AI robotic arm for everyday use. With millimeter precision, 99.9% accurate AI vision, and advanced hand–eye coordination, we're redefining what consumer robotics can achieve.

Backed by 40 patents and 20+ years of R&D, SenseRobot is committed to ethical, human-centric AI—innovation designed to elevate real life.

YOUR LIFE CHESS PARTNER

Challenge AI

The built-in AI offers 25 difficulty levels, ranging from Elo 200 to 2900. From beginners to masters, you can always choose a level that matches your skill and improve naturally through gameplay.

Apex Duel

Challenge an Elo 3200–rated AI opponent and enjoy the excitement of top-level chess intelligence.

Online Chess

Play with others on lichess.org to learn from each other and make progress together.

THREE WAYS TO BECOME A MASTER

1.Chess lessons taught by AI

Our Chess Enlightenment course will quickly get you started even if you have no prior knowledge of chess.

2.AI interprets classic chess games

Selected 100 classic chess games with voice explanations to help you learn the strategies and tactics used by masters.

3.Endgame challenge

Selected 145 classic chess endgames for practice, helping you handle them confidently in actual games.
